STOCK AFTERMARKET SPARE PARTS

STOCK™ is the exclusive North American OEM distributor of replacement parts for all systems manufactured in the USA as well as those manufactured by our partners. With over \$1M in inventory at the STOCK Technical Center in Garner, NC, we are able to support all current systems and most systems dating back to 1975.

Our parts department is always running at 100% capacity as we service your equipment needs. We have additional stocking levels for normal wear items in an effort to reduce downtime. Although new machine builds are custom, we are striving to reduce lead time and still provide the outstanding quality we've provided throughout our 45-year history.

KEY POINTS

- 12-month warranty periods on manufactured parts
- We provide a BOM on all supplied purchased parts to allow our customers to go direct to the OEM for off-the-shelf hardware
- Parts department is on call 24/7
- "Hot shot" shipments available to many East Coast facilities
